

AXA Equitable

Life Underwriting Offers for Additional Coverage

Great news! AXA Equitable Life Underwriting is proud to announce offers for additional coverage upon policy delivery without additional medical or financial requirements.

All policies will be reviewed when the case is ready for approval to determine if the client qualifies for additional coverage. Policies that *do qualify* will have a **brightly** colored page inserted in front of the policy documents indicating the additional amount of insurance available and the requirements necessary to complete the transaction. Information about this program will be included with policies as they are delivered to producers. Offers for additional coverage will be valid 2 months from the date of approval and are subject to all normal rules.
