

The 100,000th case has been created in UConnect!

And we have our firms to thank.
We couldn't have done it without you.

100,000 cases. We'd say it's hard to believe — but it's not. After all, we're talking about a secure, web-based application that makes it easy to:

- Submit cases to several carriers at one time
- Reduce case turnaround time
- Order medical requirements conveniently
- Store documents in one location
- Track case activity
- Reduce shipping costs
- Protect information and comply with HIPAA

More Than Just Life

Single and multi-life disability insurance (DI) submission can now be processed via UConnect. We're excited to welcome our first UConnect DI partner, Principal Financial Group.

We're also developing a version of UConnect that will let brokers submit business to their affiliated brokerage office faster and easier than ever before!

Become a part of the UConnect family by contacting:

UCONNECT@NFP.COM

Our firms have proven that  **CONNECT** is
Life made easier one case at a time
